

List of GPF Members

Subpanel „Oceans and Marginal Seas“		Subpanel “Polar Regions”	
Johanna Baehr	University of Hamburg Climate Modelling	Sebastian Gerland	Norwegian Polar Institute Sea Ice Physics
Udo Barckhausen	BGR, Hannover Geodynamics / Geophysics		
Christian Berndt	GEOMAR Kiel Marine Geophysics / Seismics	Ronnie Glud	University of Southern Denmark, Odense Microbiology and Biogeochemistry
Sabine Gollner	NIOZ Texel Benthic Ecology		
Tilmann Harder	University of Bremen / AWI Marine Chemistry	Robert Larter	British Antarctic Survey Glaciology and Geophysics
Jochen Knies	NGU Trondheim Marine Geology		
Heiko Pälike	Marum, University of Bremen Paleoceanography	Katrin Linse	British Antarctic Survey Benthic Biology
Jillian Petersen	University of Vienna Microbial Ecology	Torkel Gissel Nielsen	DTU Aqua, Kongens Lyngby Zooplankton Ecology
Ralf Schiebel	Max Planck Institute for Chemistry, Mainz Micropaleontology	Hanne Sagen	NERSC Bergen Physical Oceanography / Acoustics
Karina von Schuckmann	Mercator Ocean, Ramonville Saint-Agne Climate Dynamics and Oceanography	Ralph Schneider	University of Kiel Paleoceanography

Katarina Abrahamsson	University of Gothenburg Marine Chemistry
Helge Arz	Leibniz Institute for Baltic Sea Research (IOW) Marine Geology
Agnieszka Beszczynska-Möller	IOPAN Sopot Physical Oceanography
Michael Böttcher	Leibniz Institute for Baltic Sea Research (IOW) Biogeochemistry and Geochemistry
Marleen De Troch	Ghent University Marine Biodiversity and Zoology
Rolf Gradinger	University of Tromsø Arctic and Marine Biology
Christian Hübscher	University of Hamburg Geologically Applied Geophysics
Bettina Meyer	University of Oldenburg / AWI Pelagic Ecophysiology
Thorsten Nagel	Aarhus University Petrology and Geodynamics
Markus Rex	Alfred Wegener Institute, Potsdam Atmospheric Physics
Karin Sigloch	Université Côte d’Azur Seismology and Geodynamics
