

# Cruise Proposals for German Research Vessels Evaluation Form

Proposal No.:

Proposer:

**Please rate the individual evaluation criteria of the proposal first by filling in the following table. At the end, please indicate an overall rating of the quality of the proposed work and the form of the proposal. As overall rating please use: A = should clearly be included/funded, B = has potential for inclusion/funding but needs discussion, C = should clearly be declined.**

Criteria	Rating				
	Excel- lent	Very Good	Good	Fair	Poor
1) Scientific merit of the proposed work					
2) Objectives of the cruise					
3) Expected gain of knowledge					
4) Quality of the work program					
5) Adequacy of the required ship time (work days at sea)					
6) Institutional and personnel resources					
7) Qualification and previous work of the applicants					
8) Integration in international and national programs					
9) Data and sample handling					
Overall rating (A, B, or C):					

# Justification for the Rating

Please justify your rating of the individual evaluation criteria and your overall rating in the following description fields. If applicable, please assess also the adequacy of the budget of the project, and the necessity of the deployment of large equipment (such as ROV, AUV etc).

1) Scientific merit of the proposed work
2) Objectives of the cruise
3) Expected gain of knowledge
4) Quality of the work program
5) Adequacy of the required ship time (work days at sea)
6) Institutional and personnel resources
7) Qualification and previous work of the applicants
8) Integration in international and national programs
9) Data and sample handling
<b>Overall rating</b>
<b>Adequacy of the budget plan (SPP 2520 grant proposals only)</b>
